Experience

Java Developer

Stylus Systems

Remote, Pune

March 2025 - Present

- Crafted a Java-based UI with a strong focus on user experience, revolutionizing navigation and interaction paradigms.
- Carried out an exhaustive program analysis, pinpointing and executing essential code modifications in line with business imperatives. This refinement not only bolstered functionality but also closely aligned with user preferences, yielding remarkable progress.
- Engineered and optimized RESTful web services architecture, increasing data transmission speed by 50% and reducing server load by 30%, resulting in improved overall system performance and scalability.
- Boosted service efficiency and functionality throughout the development and deployment phases, resulting in a noteworthy 20% improvement in overall operational efficacy.
- Leveraged the power of the Spring Boot framework for seamless development and management of Micro Services, leading to a 25% increase in development speed.

Projects

Credit Score Analysis Tool - *Java-8, Hibernate-3.1, JPA, Spring, Spring-Boot, Microservices, MySQL, Kafka*

July 2023

- Worked on the implementation of real-time credit scoring using Kafka, enhancing decision-making speed.
- Collaborated with the team to develop REST APIs and implement business features for seamless functionality
- Integrated OAuth for secure user authentication, ensuring robust system security.
- Utilized Redis cache for efficient data caching, optimizing application performance and reducing database load.
- Contributed to the design and development of the microservices architecture, enabling easy deployment and maintenance.

Claims Processing System - *Spring Boot, Java, PostgreSQL, JPA, Zipkin, Microservices, Kafka*

March 2024

- Worked as a backend developer with springboot and java as a core technology.
- Developed real-time claim status updates to enhance transparency and client satisfaction.
- Working on the REST APIs and developing business features.
- Implemented JWT for secure user authentication, improving system security.
- Integrated Memcached for efficient data caching, significantly boosting application performance and reducing database load.

Technical Skills

- **Languages:** Java-8, HTML/CSS, SQL.
- **Technologies/Frameworks:** JSON, XML, JSP-3.0, Micro-services, Spring Boot, MVC, Hibernate-3.1, Collections, JPA, Junit, Rest Services.
- **Tools:** Git-2.31.0, JIRA-8.13, Eclipse-Photon 4.8.0, Tomcat 9.0, Bitbucket-8.15.1, IntelliJ IDEA-2023.1, Selenium, VS Code, Jenkins, Kafka, CI-CD, Docker, Kubernetes.
- **Database Management:** MySQL-8.0, PostgreSQL

Education

G H Raison College Of Engineering and Management, Pune
Bachelor of Technology (B.Tech)
GPA: 7.1/10

Pune Maharashtra
2018-2022

Certifications

Full Stack Web Development Course

Sept 2021 - May 2022

Achievements

- Achieved 1st Rank in the Coding Contests, excelling in Data Structures and Algorithms (DSA) and analytical reasoning questions.
- Scored 3rd rank in the Scholarship Contest on demonstrating strong coding skills.
- Earned a Java programming certification from HackerRank, showcasing proficiency in Java.
